Editorial		Its time!

Whether you get to read this on the night or after the night, our Annual General Meeting will once again have come and some of us will be in the same position as last year – either sitting on the fence, letting others do the work or taking up the mantle again for another term.

Express thanks go to the hard work put in behind the scenes of both Richard and Brian who have indicated that they are stepping down.

Others of us are for some reason or other sticking around, that doesn't mean that we wouldn't mind a rest, particularly me, but if I must hang in there I must! Besides it gets me out of the house and away from the nagging females. (Yes there are still two left).

So if you think that you have something to contribute, put up your hand and join the gang, it's good fun.

Preparations for Phillip Island are almost completed. Once again father time robbed me of some intentions to give the Velo a fresh coat of paint, so that will have to be next years excuse.

The Oil leak on the Norton has almost been contained, typically a small job turned into a big job and extra expense as well, but all is sorted in the end. The Velo has had a fresh set of rings, a valve grind to remove the evidence of the throttle cable nipple excursion and a bottom end overhaul including bearings, so it should be a trophy winner come next month.

Presidents Report

August! The month of our AGM! Not the end of the calendar or financial year, but convenient for us. At first glance, not a lot of earth shattering events have occurred in the last 12 months, but there have been many positives. We have again run a successful State Title, there have been events that our members can take part in, and “Tailem Bend Motorsport Park”, previously the Mitsubishi test track, is now a reality. MSA is working to secure the long-term future of this facility, with the two Granite Ridge properties going to auction in September.

Our club day, also in September, promises to be the function that members are constantly seeking, though hard and fast commitment by lodging names and dollars has been a trickle rather than a flood. An appetiser for what is to follow?

But back to Beulah Park! Our office-bearers have indicated their willingness to go again, but there will be a couple of vacant spots on the committee to be filled from the floor. Similarly, if you fancy you could do better than someone already there, put up your hand and give it a go.

I'd like to thank my fellow committee members for their efforts over the last 12 months. We have a good team capable of running State Titles or anything else that surfaces.

So, let's look forward to another successful season.

Trevor Henderson

Trev's Titbits

Since “Old Bike Australasia” came on the scene, several of our members have made it into their pages. As part of a race report, for good riding or perhaps having an interesting machine, or a mention in race results, they've made it there. If, like Danny Ahern, you venture overseas as part of a successful Kiwi Team, you'll be part of a feature story.

Sadly, Ian Corlett and Doc Watson made it via the “Under the Chequered Flag” page, for those who'd had the final lap.

Not so long back, OBA published an excellent letter from one Peter Strawhan, in relation to the land used for record attempts in early Post WWII days. A new-old member, Peter has an interesting history on both two and four wheels, as evidenced by the

Our Members in Print!

impromptu talk he gave some meetings ago (I dobbed him in for that one!).

OBA #20 contains a letter titled ‘Pikes Progress’ from Paul Wells of Woodside. Paul had been seeking info on AB Pike Motorcycles in Mildura, and was contacted by AB Pike's son-in-law, our own Brian Stuart. Brian can tell many a story about his times in the trade, and information. A bonus for Brian would have been making contact again with his hold mate, Reg Kelly, now living in Perth. That's the power of the press!

So, keep on contacting ‘Old Bike’ with your stories, because you never know who you'll help or be helped by!

Thumbs Up and Change Right

TAILEM BEND 26th Sept Club Day

Gates will open at 7.30am, for set up [all hands to help, please]

Practice around 9.

“Events” to start 10ish then on to a BBQ mid afternoon

There will be no entry form, but you will have to sign-in and get your bikes checked, show your licence or get a recreation one on the day, and have number plates (different no. on each bike, please)

Open to all members and friends/family.

Expressions of interest will be called for, to be returned with \$25 for the transponder. Nominate the numbers you want [first in best dressed]. Payment may be given to TONY, BOB or TREVOR. A receipt will put you in the programme, sorry the list - it’s not a race.

It is intended to run as a ‘time trial’ in groups of similar speed, at 10 second intervals. Even if you are a slower rider you should have some competition – it’s not the speed you do but the improvement from the target speed of your group that counts.

Sidecars will have separate ‘events’.

We will run three or four ‘events’ for each group. The rider setting the best time under target would get a slab of beer, the second a slab of soft drinks, the third a cheese cake. Then there is the BBQ for you to use it up, and share.

You can bring as many bikes as you like, so if your race bike is “off” you can use your road bike.

We will set up a 1.2 km track - Mallala gearing should be OK, but you won’t be in top for very long.

One sidecar event will be as the rest but will stop each lap and change passenger, the number of laps determined by the number of ‘volunteer’ passengers

At BBQ time we may have a come and try trials - hopefully there will be a few appropriate bikes available
