The Classic Sidecar Challenge

The epic sidecar battles of the 50's and 60's are set to once again become a feature of the premier historic motorcycle racing events across Australia. Norton, Vincent, Harley-Davidson and Triumph outfits will take every corner sideways as the first round of the Classic Sidecar Challenge gets under way at the Pirelli Masters of Morgan Park, Qld June 10-12.

The three round series will then make its way to Broadford, Victoria for the HMRAV's 30th Anniversary Southern Classic, October 28-29, before the decider at the South Australian Historic Titles, Mac Park, Dec 31-Jan 1.

The surge in popularity of the traditionally styled, methanol fuelled, big wheeler sidecars and their all out action style of racing will ensure a great spectacle both on and off the track.
