### PRESIDENT'S REPORT

Tonight we welcome Brian (Nip) Kuerschner as our Guest Speaker with his unique “10R” AJS machine. I’m sure you’ll all be as fascinated as I was with its concept and construction.

This is my penultimate President’s Report, with next month being our Annual General Meeting at which I am relinquishing the position, though not sliding into oblivion. Although there may be a little shuffling around as regards Office Bearers, I’m not anticipating major changes to a Committee that has steered the Club in the right direction. However, we are certainly open to any “new blood”, younger members who wish to have an influence on the Club’s fortunes.

I have finally taken the plunge and retired from Southcott’s. This has been under consideration for a few years now, and several have said “I’ll believe it when I see it”! Southcott’s gave Des, who had over 50 years’ service, and me a wonderful send-off. The staff from Athol Park, plus a few earlier retirees (and partners) were treated to dinner at the Hackney Hotel on the Saturday night, then Graeme Southcott and our boss Alby took Des and me for a “long lunch” on Thursday, after which we were given an “early minute”. On Friday, the last day, Lindsay Southcott and his wife Ann came down to wish us well. I must admit to a rather surreal feeling driving home.

Back to the bikes, so let’s survive the cold months, giving bodies, budgets and bikes the chance to revitalise before September and our second ride day at “The Bend”. I’m confident the weather gods will smile on us that day.

**Trevor Henderson**

## FROM THE COMPETITION SECRETARY

In a rush to meet deadline here are my thoughts, in no particular order. Thoughts to share include ride days, putting in for your club and racing stuff.

- The 2 plus 4 they run at Wakefield Park, NSW, over the Father's Day weekend is on again and entries are out.

- The committee is getting all things ready for our State Titles and good news for those with Period 6 bikes we are going to give them a go this year. Hand shifters Harley, Indian and others will get their own race too. Watch out for the upcoming sup regs.

- Track day at The Bend is locked in for Friday 14th September, registrations of interest etc will be forthcoming.

- The club is also looking at a club day at Mallala maybe Nov, December.

- A little reminder that the AGM is in August and it would be good to have interest shown by new young blood to get involved. Nathaniel Wilson has done his bit this year and plans on continuing with it for the next year too. Good on you Nathaniel.

### 24 Hours of Fun (you should try it!)

The weekend just gone had me involved with a checkpoint at the 24-Hour Trial. It's been going since 1924, making it an Aussie classic.

The trial caters for sidecars as well as solos and has a mix of riders and machines.

Quite a few people go and watch it but the best way to really enjoy it is to become part of the action, either by competing or helping out as an official. For about the sixth year I hooked up with mates in DOCSA and in particular Paul Hoey, who runs the competition part of the DOCSA control. This year my partner's daughter April joined me and together with Paul we were there for each and every bike to come through over the 24 hour period.

This year was as dry as and our bit of paddock was soon bulldust. An interesting competitor was one Cam Donald, racer turned writer for Motorcycle Trader magazine. He rode and finished on a little Gas Gas two stroke, describing it on Facebook as "epic".

The event attracts journalist-riders every few years and they always come up with an entertaining feature story, so keep your eye out for an upcoming edition of Trader.

I understand only about half of the 160 starters finished the course. Dry makes it hard for different reasons than when it is wet.

Our control was early in the lap which meant we were finished by early morning, but bugged for the rest of the day! The pig on spit with vegies etc was the best yet, so thanks to Clynton and team at DOCSA for his continued support. Ah yeah fireworks, huge fire and ice bombs still get a go at DOCSA's control!

My guess is if Paul does it again maybe I'll help him again!

**Danny Ahern**

**April turns 18 at the 24-Hour Trial and gets a cake to go with the pig on the spit.**
